

Licensed Vocational Nurse

The LVN oversees all study procedures to ensure that they are performed on time, following both the study protocol and Cedra procedures. They also document all adverse events reported and observed per Cedra staff or protocol requirements while subjects are in-house. LVN's acts as the primary contact for subjects while in-house when the Coordinator is not available. They are able to step in and perform phlebotomy on subjects as needed at timed intervals. They are there to observe patients and watch out for patient safety.

Hours: PRN : We are a 24/7 operation. Hours and days will vary, currently looking for day and night shifts. **MUST HAVE WEEKEND AVAILABILITY**
